01

Product idea.

Because relaxing is actually very easy.

- Successful expansion of the corona light range to include a comfortable lounge chair
- Wide, inviting lounge shell made from high-quality recycled plastic with the characteristic corona elegance
- Optional with loose seat cushion
- Optional cosy, soft upholstery across the entire inside of the shell for a relaxed and comfortable look and feel
- Available with a sled-base or the new central base as well as a four-leg frame in wood or steel
- Chromed or powder-coated frame
- For use in cafeterias, restaurants, lounge and waiting areas
- Various combination possibilities within the corona collection

Because relaxing is pretty simple.

Comfort looks good in any setting - and crona light lounge adds to this pleasant oasis of tranquillity. Its wide shell makes it a highly competitive seating option in all settings.

If you're looking for even more comfort and design flexibility, you can always add soft support cushions with anti-slip backing, a beautifully upholstered inner shell for a relaxed cushioned look or full upholstery for an even cosier effect.

Suitable for a variety of possible uses:
in cafeterias, restaurants, lounge and waiting areas.

When do you lounge around in peace?

Since relaxation can look quite different from person to person, the frame is available in four versions: four-legged wood, steel, central foot and sled-base. These can be combined with the back-friendly shell options as desired.

We are forging new paths here: The seat shell is also available in an environmentally friendly version. Made from high-quality, fully recycled plastic in agave, an extra colour on top of the standard lava, stone, black cherry and aqua.

Also available in an environmentally friendly version: with a seat shell made of fully recycled plastic.
