Product idea.

Brightening up outdoor spaces.

- The perfect addition to the corona family
- Complete with special coating for outdoor use, giving restaurants and cafeterias a consistent design both inside and out
- Powder-coated components available in the seven corona light colours
- Ergonomic flat steel struts make the seats surprisingly comfortable, with a design to match the sculpted corona light look
- Available with outdoor seat cushions as an optional extra
- Round and square tables with table tops made from steel panels, also available as a standing table.

Perfect for sitting outside.

crona steel is the perfect outdoor range that suits any environment and defies the weather.

A special coating makes it suitable for indoor and outdoor use. So, no more excuses for not having matching furniture.

Made entirely from powder-coated steel, the ergonomically designed seat slats are surprisingly comfortable to sit on, despite the robust design.

Brightens up outdoor spaces in any design.

crona steel provides a varied selection of seating and tables for cafeterias, restaurants and bar areas. The chairs are available with armrests if desired, not to mention space-saving when stacked.

The delicate tables, with their slimline legs intersecting effortlessly making for a sturdy, even base, are the perfect addition. Choose between round and square steel panel table tops, depending on the model, designed especially for outdoor use.

Defies the weather, even with seat cushions.

crona steel is also available with a seat cushion for added seating comfort. With water-repellent cushions from the kvadrat Patio Collection, the right theme can be achieved on any terrace.

Three years of intensive research and development lie behind the innovative, weather-resistant fabric. It is made from an extremely hard-wearing Trevira CS yarn and features an environmentally friendly finish.

Includes removable upholstery cover:
available in various colours.

Served up beautifully.

The new outdoor table makes a chic statement about its connection to the corona steel range. The distinctive table top design featuring flat steel struts and a scratch-resistant powder coating, blends in perfectly with the rest of the corona outdoor collection to create an elegant, uniform appearance.
